=======

Clearing of the Kalyani at Sravanabelgola

With reference to your letter No C 199-14/41-42, dated 20th October 1941, on the above subject, I have the honour to state that the estimate has already been sent to the Sanitary Engineer in this office letter of even number dated 4th October 1941 and that necessary instructions have also been issued to the Municipal President to adjust the balance of amount due at once and forward the duplicate chellan to the Sanitary Engineer for information

In this connection, I should like to state thatthe sanitary Engineer seems to be contemplating to revise the estimate further as could be seen from a copy of his Memo No 473 dated 16th Oct 1941 to the Assistant Engineer, Sanitary Sub Division, Hassan A copy of the same is herewith enclosed for kind reference

I feel that at this rate, it may not be possible to get through the work and that it may result in additional burden on Government I request you to kindly issue necessary instructions to the Sanitary Engineer to start the work immediately so that it may be completed before the current summer

The cost of the additional boiling of water now required may I think be met from savings out of tenders for removal of silt

Re Removal of Silt in the Kalyani at Sravanabelagola

--

With reference to the above I have the honour to state that the work of silt removal was given away to Mr Vajaranabhaiya at the estimated rate of 6 as per c yd and the fact intimated to you in this office letter No 1231 dated 10-2-1942 Subsequent to the above, Mr Vajaranabhaiya turned up and stated that he was not able to take up the work at the sanctioned estimated rate on quantity-rate basis, but that he would take up the complete silt removal and taking it away to a distance, etc complete on a lumpsum basis of Rs 1,500/- Meantime, the Assistant Engineer had arranged to pump out the water and from day to day matters were drifting along and there was danger of the kalyani being again filled up by a sharp mungar shower that is expected any moment I visited the spot on the 22nd instant with the Amildar-President and the Vice-President of Shravanabelagola Municipality, I arranged to get all the tenderers and a meeting of the townspeople was convened with the assistance of the President and the Vice-President The site for the disposal of the silt was also inspected With a view to expedite matters I called for fresh quotations at the spot Three quotations were received, one being at Re 0-12-0 per c yd of wet silt removal including lead and lift and also cleaning of the kalyani bed with wire brushes, etc complete after the silt removal Two other quotations have quoted at the rate of Re 0-11-9 each The sanctioned estimated rate of Re 0-6-0 per c yd of wet silt removal is, in my opinion, too low and it is not possible for any contractor to take up this work at that rate without serious loss to him Since the two lowest tenderers have quoted a very high rate of Re 0-11-9 the two parties were sent for to Channarayapatna and a further consultation was had with the President and the Vice-President and the two tenderers at Channarayapatna camp on the 22nd afternoon After a lot of persuasion the rate of Re Re 0-10-0 per c yd was arrived at and Mr Vajranabhaiya, who is a local and influential gentleman and who had also originally tendered for the work, has been fixed up

P T O

As regards the excess charges I wish to state as follows

The sanctioned estimate provides for the removal of 6,500 of wet silt Since the water had been depleted, I made a careful inspection of the kalyani bed and the total amount of silt to be removed works up to about 2,000 c yd. only As such excess in rate can easily be met with from the large savings in quantity

Last year a large sum of-money was spent on bailing charges alone without following up with rapid silt removal, so much so that the-charges of bailing went entirely to waste This year it is noticed that about Rs 400/- has already been spent under bailing and any more delay would end in further serious bailing charges being incurred without one c yd being removed

Under these circumstances, and since I feel that the excess charges due to rate can be met with by the large savings in the quantity, I have accepted the reduced rate of Re 0-10-0 per c yd of silt removal and given away to Mr Vajaranabhaiya in anticipation of your kind sanction under the emergent circumstances explained above

Favour of your urgent approval is requested

Re Petition of Mr A P Vajranabhaiah, Contractor, praying for suitable compensation in connection with the work of silt removing from the kalyani at Shravanabelagola

—

SUBMITTED Kind reference is invited to this office No 1330 dated 24-2-42 with which the full circumstances of the case were reported to the Director of Public Health His orders were obtained for giving away the work to the above Contractor at the enhanced rate of Re 0-10-0 a c yard against the sanctioned estimated rate of Re 0-6-0 a c yard, for which the party had also originally agreed to undertake and finish the work The representation made by the Contractor now is, therefore, unreasonable and cannot be acceptable

The Contractor's final claims have also been settled and his acceptance of settlement of final claims is also obtained on the final bill, which is also passed for payment Under these circumstances, there is nothing more to do

Reference No C 199-43 dated 7th July 1942 forwarding the Official Memorandum No L 76 dated 4th July 1942 from Government asking for a report in the matter, along with the original petition of the Contractor to Government, is resubmitted herewith

To
Hon'ble H. B. Gundappa Gowda, Esq., B.A., B L ,
Minister for Local Self Government
and Public Health in Lysore,
Bangalore

Respected Sir,

In continuation of my previous application dated 23/6/42 and 1/7/42 praying for kind orders regarding the claims of rates in connection with the Silt removing work of Kalayani of Sravanabelagola I humbly and most respectfully beg to recall to your kind memory that I have not favoured yet with a reply in the matter Even if I get at my tender rate i e 0/11/9 per Cyd, I will be under loss as per the accounts already submitted Hence once again pray your kind orders to settle the claims without putting me under loss as prayed for as early as possible I hope that this my humble request will kindly be complied with

For which act of kindness and timely protection, I shall ever remain grateful

I beg to remain,
Respected sir,
Your most obedient and humble servant

K P Vajranabhaiah

To

Mr K P.Vajranabhaiah,
Contractor, Sravanabelagola

Dear Sir

Subject - Your petition claiming higher rates -

With reference to your letter dated 23rd July 1942 regarding the above, I write to inform you that your final bill was prepared by the Assistant Engineer, No 3 Sanitary Sub Division, Hassan, based on rates agreed to and accepted by you The final bill was paid after getting your final acceptance to the measurements and rates As such, no further claims can be entertained

Yours faithfully,

For Sanitary Engineer
